46th Genoa International Boat Show - October 7th to 15th 2006

Dear Exhibitors,

The opening of registrations of 46th Genoa International Boat Show is very near; the feature of this Show is a very important change of the exhibition lay-out which will achieve its aim in two years.

This year the Boat Show has a larger Marina, able to host about 400 boats, together with a new Piazzale on land nearby of about 13.000 square metres gross space.

Thanks to these improvements we hope we could meet your requests for space and/or berths according to the development of your companies.

Thanks to the new Marina we have been able to realize a first change of the products subdivision in the Boat Show areas, which we shortly list you:

B1 Pavilion Ground Floor: inflatable boats, specialized press, marine associations, canoes and kayaks. Technical sailing accessories, technical clothing, masts, sailmakers, sailboards, specialized press and marine associations.

B2 Pavilion: sailing boats, motorsailers, multihulls, fin keel boats, specialized press.

B Pavilion First Gallery: boards for safety at sea, inflatable boats.

C Pavilion: Hall - Upper Floor - Gallery: electronic instruments, accessories and components (fitting-out supplied by the Organizers).

C Ground Floor: marine engines, engine accessories, personal watercraft.
